

Ryan Crowley is from Hastings, Ontario where he owns and operates a new robotic Dairy facility at Crovalley Holsteins, in partnership with his brother and family. Crovalley Holsteins is a two-time Master Breeder Herd that consists of 300 high-type and deep pedigreed registered animals. Crovalley has bred and owned many animals that have received All-American and All-Canadian recognition, with a highlight being the 2011 All-American and All-Canadian Junior Breeders herd. Ryan has competed and succeeded at the highest level in 4-H where he was named Top Overall Competitor at Inter-County Judging Competition, where he then traveled to World Dairy Expo on the Ontario Judging Team. Ryan's judging career has taken him to officiate County Shows, 4-H shows, and Breeders Cups throughout Ontario and great looks forward to seeing where it takes him in the future.
